“I would like to say thank you again for such brilliant performance on Thursday. The band made the party and you have no idea how many fabulous comments we have received. In fact some people thought you were the real Scissor Sisters! so that shows how fabulous you are. Thank you & your bandmates so much again! I am sure we will require your services in the future.” - Claudia Guerrero, KPMG

"We have booked So 80s twice, once for a corporate function with clients and once for our summer party. On both occasions they excelled themselves. You can tell they're professional musicians as the performance was outstanding. Great songs, great dancing, great outfits and all done with huge enthusiasm. They are a perfect tribute to the 80s with every song sounding like the original artist. They are incredibly friendly people to work with, arrived on time and were completely undemanding in their requirements. I would book them again without hesitation." - Sara Pennant, Marketing & Communications Manager, Cohn & Wolfe.

“Just wanted to extend a massive thank you to you and the guys for a fantastic gig in Budapest. You went down a storm and the great feedback has been flooding in. Glad you enjoyed the experience of playing at the opera house, we're going to have to pull out all the stops to beat that next year! I'll certainly be in touch, it's been a pleasure to work with you.” - Kate Joyce, Business Support Manager, RBS
